How to Build a Canvas Course Full of Opportunities to Respond Only Using Canvas-Native Tools

Seth Crandall

Common concerns with going online

1. How do we ensure that the student gets the same experience and learning as they would in a classroom?
2. How do we get to students to perform authentic tasks online?

The Traditional Classroom vs. Online Learning

“The goal isn’t to
duplicate the traditional
classroom experience.”

The Traditional Classroom vs. Online Learning

“Online learning is
different **but** still
valuable.”

The function of good learning:

“Prepare and provide
opportunity for learners to
perform authentic tasks.”

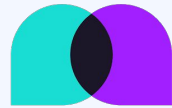

What are common tasks we want learners to do?

- Evaluate
- Analyze
- Synthesize
- Practice Authentic Tasks
- Perform Authentic Tasks

How can **Canvas-native tools** be used to support students in performing authentic tasks?
